Review and update

Integrating a reward and recognition strategy to the business goals

Business objective	Pay & Reward Policy
Achieve competitive advantage through technological development	Introduce competency related pay or skill-based pay
Achieve competitive advantage by delivering better value and quality of service to customers	Recognise and reward individuals and teams for meeting and exceeding customer service and quality standards
Achieve competitive advantage by developing the capacity of the business to be able to respond quickly and flexibly to new opportunities	Create a structure where rewards can be given for multi-skilling and job flexibility and develop more flexible pay structures.
Achieve added value by improving performance and productivity	Improve (or introduce) performance pay, plans and performance management processes
