Bakau

The Bakau Environmental Project

What we set out to do:

- Reduce the incidence of Malaria in Bakau village
- Reduce the incidence of other diseases
- Renovate and Improve the old drains
- Reduce flooding
- Reduce the rubbish in the drains
- Reduce the breaches of the drains
- Maintenance

- Rubbish
- Stagnant Water
- Malaria
- Other Diseases

**Malaria reduced by 74% in 2019
compared to 2018**
